Cincinnati Woodworking Club

Dear Friends:

Thank you for your generous donation to Children's Hospital Medical Center. Your gift of Christmas cut outs will bring many smiles and make a difference in the life of a sick child.

Each year nearly 400,000 children visit Cincinnati Children's from all over the country and around the world. Since our medical center is one of the nation's top pediatric hospitals, we see children from 47 states and treat all children regardless of ability to pay. While our children are here, they receive top-notch medical treatment for a wide range of illnesses. In addition, we try to make their stay with us as relaxed as possible by providing them with games, videos and activities.

Quality toys and crafts are some of our most needed patient items because they give the children a chance to take it easy and "escape" from their current situation. We feel that it is extremely important to keep everyone's mental health in mind at all times. Having an adequate supply of toys, crafts, and videos is not only helpful to the patients but to the parents as well.

You can be assured that your donation will help make our patients and their families as comfortable as possible. You really have made a difference in the lives of sick children!

I invite you to visit our website [www.cincinnatichildrens.org](http://www.cincinnatichildrens.org). Great care has been taken to record your gift as accurately as possible. If you have any questions concerning Gifts-in-Kind, please contact Kathy Klein at (513) 636-8814. Again, thank you for your thoughtful and generous gift.

Sincerely,

Kenneth G. Massey  
President  
Cincinnati Children's Hospital Foundation
